

What can Brown do for us?

Save
10,000
American
Jobs

In May, DHL announced it would give all of its North American air operations to UPS. This deal will destroy 10,000 American jobs and devastate many communities. The proposed agreement also may violate antitrust laws and hurt consumers in the long run.

**UPS can save those jobs—
and save American families.**

Tell UPS to *end this deal* with DHL.
